Maruthamunai -02, Sri Lanka

SUMMARY

Motivated BSc ICT undergraduate at Rajarata University of Sri Lanka with a strong focus on Data Science, Artificial Intelligence, and Machine Learning. Proven ability to build practical solutions through academic projects and continuous self-learning. Passionate about bridging academic knowledge with industry-level skills through certifications, portfolio projects, and open collaboration. Open to internships and entry-level opportunities in data science and AI.

EDUCATION

BSc in Information & Communication Technology | 2022 – Present

Rajarata University of Sri Lanka, Anuradhapura

Relevant Coursework: Software Engineering, Data Science, AI & Machine Learning, Database Management, Web Development, Network Security, Advanced Algorithms

Advanced Level – Bio Science | 2016 – 2018

KM/ Al-Manar Central College, Kalmunai

O/L – School Education | 2005 – 2015

KM/ Al-Manar Central College, Kalmunai

PROJECTS

AI & IoT Smart Surveillance System

Python · YOLOv8 · Raspberry Pi · Computer Vision · IoT

Smart road-safety system using AI and IoT to detect animals, measure distance, and alert drivers in real time with a cloud-based event dashboard.

University Event Recommendation System

Python · TensorFlow · Neural Networks

Multiclass MLP model that recommends university events to students based on personal interests and participation history with high accuracy.

Lost & Found Mobile Application

Java · Android Studio · SQLite

Android app for managing lost and found items on campus with secure authentication, multi-screen navigation, and local database storage.

Network Design for Mid-Sized Company

Cisco Packet Tracer · VLAN · DHCP · Networking

Complete network infrastructure simulation with VLAN segmentation, inter-VLAN routing, DHCP, and verified internet connectivity.

KEY SKILLS

- Python
- C / C++
- SQL & Databases
- Web Development
- Machine Learning
- Data Analysis
- TensorFlow / DL
- UI / UX Design

SOFT SKILLS

- Analytical Thinking
- Problem Solving
- Teamwork & Leadership
- Time Management
- Communication
- Research & Development

LANGUAGES

- Tamil – Native
- English – Professional
- Sinhala – Basic

AWARDS & CERTIFICATIONS

BITCODE V5.0 – Inter-University Coding Competition
BITSA, Rajarata University of Sri Lanka · 2024

DevQuest – CODEFEST 2025

SLIIT Faculty of Computing · 2025

Agile Mastery Workshop Certificate

Department of Computing, RUSL · 2026
